Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., TOLEDO, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

That Union

Was it for the Glory of God, or the spoils? There are two Great Spirits striving with men. By one or the other of these men are influenced. Our Blessed Saviour said, "By their fruits ye shall know them." Let's see the History. At the Nashville General Assembly, there were 19 memorials sent in from 19 Presbyteries, ten of them pleading for Peace did not want to be disturbed with the Union question. Nine of them were praying that we have a committee appointed to confer with Presbyterian Church U. S. A. Two if not three of the said memorials were written by one Rev. Darby (a Presbyterian Preacher in C. P. ranks) At the very close of the Assembly after many members had gone home, the report was read recommending the request of the nine, and said nothing about the ten. Did the Spirit of Christ lend the Committee to ignore the majority and recommend the minority, as a matter of course it was for the glory of God or "Bigger things?"

There was not a denomination in these United States that had more harmony, nor getting along better than the C. P. Church. How is it today? All divided and torn assunder. Who is to blame? Unionist. Is the Fruit good? Cumberland Presbyterians was as they had always been in perfect harmony with the entire Christian world, leading a helping hand in every enterprise that pointed to the Glory of God, they received and sent fraternal greeting with no other view, than the Glory of God and the Salvation of the world. What have we had for three years? contention and strife alienations and discord. A church divided, dictators on other mens conscience. Men leaving their pulpits, traveling far and near at the expense of the Church through the Pastoral committee for no other purpose than to kill the Cumberland Presbyterian Church in obedience to that Pastoral letter they are actually "Camping on the Trail" of Cumberland Presbyterians. Moving in, taking charge of Church against the wishes of four fifths of the congregation for no other purpose than to force the lay members to submit to their demands. To do such things, they have to take the advantage of the Courts. Tie the hands of Cumberland Presbyterians, walk in undisturbed. Brethren they have sold you to the Presbyterian Church U. S. A., but cannot deliver the goods. Hence that injunction as to the Glory of the Lord two Presbyteries in Tennessee gave a majority vote for Union, take out the preachers and Elders connected with the publishing house and Cumberland University and there is not a Presbytery in the State in favor of the so called Union (more properly Disunion) Dr. Harris of Pittsburg Pa. (The boy that is ashamed of his mother is down to enlighten us. With Pathos he tries to lead his hearers back to His Mother Church, not mine. I would not own a mother that tried to kill me while being

born, would not nurse me after I was born, has been trying to kill me ever since I had existence, and raised a shout when the venerable sons came flocking in for pie with the glad tidings of the Crucifixion at Decatur. Well Glory to God we are still alive and will be "forevermore" Dr Harris grows exceedingly eloquent over the situation from the legal Status, and refers to other contest in which Presbyterians prevailed. And in that Bill much is said Usages of the Past. We have always claimed that we are Presbyterians. The Presbyterians U. S. A. have claimed to the contrary, and because of that contention at one time our representatives were denied a seat in the Pan Presbyterian counsel. Cumberland Presbyterians are not banking anything on the acts of the Presbyterian Church, we had that to our hearts sorrow from 1800 to 1810. We are the only Presbyterians with a Confession of Faith other than Westminster-Dr Harris taking the four corners of the citadel of Faith as his starting point runs a Circutous Route through Fatalism to the whosoever will doctrine of the C P Church. Why did he not go farther and tell us what our fathers thought about modifications of the Westminster Confession of Faith. Hear them on the Fourth page of preface "All the badly defined statements of the doctrine objects to were expunged and corrected statements were made, but it was impossible to eliminate all the features of hyper Calvinism from the Westminster Confession of Faith by simply expunging words, phrases sentences, or even sections and then attempting to fill the vacancies thus made by corrected statements or other declarations for the objectionable doctrine with its logical sequences, prevailed the whole system of theology formulated in that book. "Our fathers knew that the time would come when it would be necessary to have a Revision of the Revisionand" That time did come, and so general was the desire through out the church to have the Confession of Faith revised. In 1881 at Austin Texas, a paper was introduced to that end, and was unanimously adopted. It does not take a Philadelphia lawyer to see the difference in Cumberland Presbyterians and Presbyterians on this subject. The committee on Fraternity and Union can easily see that a few added chapters and a Declaratory Statement does bring us to the same Confes-

sion. Illiterate and unlearned preachers who are and have been giving their best endeavors with out remuneration cannot see it while the D D with their \$1000, salaries can we think they mis-constructed Gods word where it says "Go out into the highways and hedges and compel them to come in." Hence we are to-day tied up in the courts and not allowed the rights of American Free-men. Have the sky-larks on your trail, confiscating our church houses. Some of us are scouting victory over the Devil and his host and know that if God was with ewing, King and McAdow he will be with us. Without one dollar of property we are still Cumberland Presbyterians, and will ever cheerish the principle of Freedom Right and Truth.

Wm. M. Neelley.

P.S.—True Cumberland Presbyterians cannot be coerced, not of that material, Let me say again stand to your principle.
